

MILL BLOSSOM FLOWERS

funeral flowers price guide

AT THIS SAD TIME WHEN FLOWERS MATTER

Choosing the right flowers can sometimes be difficult.. I'm happy to have a chat with you to find out the style of natural arrangement you want to fit the personality of your loved one.

Every arrangement is unique and I can use flowers from your own garden if you so wish.

'Absolutely beautiful Jackie, I'm sure grandad would have loved them.

Thank you so much'

B.S.

HOW I WORK

I work from my home studio and like to use seasonal flowers grown on my small plot or sourced from other local flower growers wherever possible.. I am happy to meet to discuss flowers by appointment.

I work to a colour palette rather than specific flower types but always aim to help find that special element to make your arrangement reflect the personality of your loved one.

Deliveries

I deliver to any undertaker up to 10 miles from Cambridge or Newmarket or you are welcome to collect.

Deliveries outside this area can still be made with a small additional charge.

TYPES OF ARRANGEMENT

Every arrangement is unique and special for you. This booklet shows the types of arrangements available and the final arrangement will depend on seasons and flower availability.

You can see more examples of funeral flowers on my website at www.millblossomflowers.com
