

MILL BLOSSOM FLOWERS

wedding flowers price guide

HOW I WORK

I'm Jackie and I run Mill Blossom Flowers from my home studio in Lode, Cambridgeshire. I also grow flowers on a small scale down in Lode Fen. I like to use locally grown British flowers wherever possible, sourcing them from other local growers but will use imported if needed to obtain the special look that you are dreaming of.

I like to get an idea of the colour and style that you have in mind and then find the flowers that are in season to fulfil your dreams without being too specific on actual flower types.

Think cottage garden - wild and natural.

WHAT FLOWERS DO I NEED

Your wedding flower requirements will depend on the size of your wedding, if the venue provides any flowers and of course your budget.

I hope this guide will give you an idea of how you can use your flower budget, but let's have a chat and see how we can make maximum floral impact for your budget. The prices shown are an average but depending on size and actual content could go up or down.

You will then receive an itemised quote which we can adjust if need be to suit your requirements.

After that and before going any further I will need a £100 non-refundable deposit to secure the date which will be deducted from your final invoice.
